### FOOTBALL.

#### H.M.S. "CURLEW" CHAMPIONS OF BOTH DIVISIONS.

The final games in the league this season resulted as under:

##### Division I.

Championship replay.

H.M.S. Curlew... 1 Hongkong Club... 0

##### Division II.

Winners... Runners up.

Curlew Reserves... 1 King's Reserves... 0

##### "CURLEW" RESERVES v. KING'S RESERVES.

In a very hot sun these teams lined out as under:—

Curlew: Hindle; Bloomfield and Feen; Robinson, Hare and Haywood; Anderson; Riley; Hender (capt.); Knowles and Mitchell.

Kings: Placoe; Banks and Griffiths; Jordan, Connolly and Barrett; Hill, Grotty, Jones, Hart and Williams.

Referee: Mr. Moore.

A large number of Curlew supporters were in the stand when this game started a few minutes after 3 p.m.

The exchanges were even but the great heat was much against good football and several players were found lagging after 15 minutes' play.

Hands against Jones gave the sailors a chance, but Hare sent straight to Placoe who cleared.

The sailors were back again and Banks cleared a corner. Placoe, running out, cleared from the flag kick. Curlew forced another corner and Riley headed in.

Placoe cleared. At the other end Jones missed a chance by sending straight to Hindle from close range. The next visit by the sailors was spoilt through Riley getting offside close in.

Hands against Barrett saw Griffiths kick the ball behind his own goal, and from the resulting corner kick, Anderson sent behind. Riley was again pulled up for offside, and Hender heading a low ball, was kicked in the head which caused a momentary suspension of play.

At half time the score sheet was blank. Resuming, the sailors took up the attack and forced a corner. Anderson placed the ball in front of goal and Hender headed past Placoe, scoring the only goal of the match.

The Kings put a little more life into the game after this reverse, and Jones, receiving from Grotty, sent in wide from close range. Kings came again and the Curlew, playing the one back game, Jones was offside. The game ended in a win for the Curlew by a goal to nil.

#### CLUB v. "CURLEW."

The teams lined up as under:—  
Club: G. Rodger; Gerrard and Lawrence; Weyman, Stewart and McPhail (capt.); McTavish; Forsyth, Begg, Kuhr and England.

Curlew: Hardy; Wetherby and Hooper; Dash, Wilson (capt.) and Griffiths; Taylor, Dyer, South, Cook and Lamb. Referee: Mr. Smith.

Linesmen: Messrs. Williams (R.G.A.) and Hollands (Police).

The Club stand was filled and thousands lined the ropes when the referee called the captains together to spin the coin. McPhail beat Wilson and elected to defend the town-end goal.

South started for the Curlew, and the Club took up the attack. Weyman sent in a shot that missed by inches only.

The Club came again and forced a corner. McTavish placed well, and the ball dodged about in front of the sailors' goal until offside against England relieved. Play opened fast and each goal was visited in turn.

Stewart cleared from a free kick against the Club and Begg forced Hardy out to clear. The Club were soon back again and Wetherby turned a shot from Begg behind. England kicked the ball behind.

A foul against Begg sent the sailors in, and Dyer, swinging over to the left, Gerrard headed well, and the ball dodged about in front of the sailors' goal until offside against England relieved. Play opened fast and each goal was visited in turn.

bind. Cook got away, and, beating Gerrard, centered, Lawrence clearing on the next visit. Gerrard miskicked, and the ball going to Lawrence the latter conceded a corner. Lamb placed well, and South heading out to the right, Taylor sent in wide. Kuhr receiving in midfield beat Wetherby and going in with only Hardy to beat attempted to dribble the ball past the goal keeper who put out his foot and stopped the ball, and, recovering, cleared from what appeared to be a certain goal for the Club.

Kuhr should have beaten the goal keeper by shooting instead of trying to dribble the ball past him.

Curlew got away and Taylor beating McPhail went on but shot wide. McTavish was sent away, and Hooper, running over, charged down his shot. The ball rebounded behind and a confident appeal for hands by the Club winger was disregarded. Forsyth fouled Wetherby and Griffiths sending in a long shot. Rodger cleared. England received a pass from Kuhr but sent the ball behind.

The Curlew forced two corners. McPhail headed clear from the second and Wilson returned with a high shot that landed on top of the net. Forsyth and McTavish transferred play and the latter centering, Griffiths kicked to touch. At the other end Taylor sent behind from a good position. Hardy ran out to clear from Forsyth and took the ball out to the corner flag before kicking to touch. Cook put in a good run and ended up with a screw shot. Rodger turning the ball round the post for a corner. The Club cleared from the flag kick, but Dyer was back again and Rodger kicked up from a low drive. The sailors pressed for a time but Taylor was pulled up several times for offside. McPhail cleared from a pass by Lamb and Wilson returning South was offside. Rodger saved well from Cook and on the next visit by the sailors Lamb was pulled up for offside. The sailors continued to press and were rewarded, for Taylor, taking a pass from Cook, went in and shot hard. Gerrard running across failed to clear and Rodger assisted the ball into the net amidst loud applause from the Curlew supporters.

The Club took up the attack from the centre kick and McTavish sent behind. Lawrence cleared from Cook and McTavish going down was beaten by Hooper who cleared to touch. With the ball in the sailors' half time arrived, leaving the sailors champions for the season by a goal to nil.

The game was well contested and on the play the Club were unlucky to lose. The heat told on the players and the sailors finished the stronger.

Wild scenes marked the close of the game, several of the Curlew men being carried shoulder high to the Club stand.

#### PRESENTATION OF CUPS AND MEDALS.

The four teams assembled in front of the stand for the presentation of cups and medals.

Mr. May, vice-President of the League, in thanking these players for their part in the season, said that they had very kindly consented to present the cups and medals. Before asking her to do so, he gave the records of the teams who were the winners and runners up in each division. The records are:—

##### Division I.

P. W. L. D. F. A. PTS.

Curlew... 20 13 4 3 20 14 29

Club... 20 12 3 5 25 18 29

##### Division II.

P. W. L. D. F. A. PTS.

Curlew... 20 17 2 1 22 18 35

Kings... 20 16 4 0 55 18 32

Mr. MAY, continuing, said: The season now closed, had been a record one, and that 11 Clubs had entered for Division I, and 12 for Division II, making a total of 242 league matches, or 11 matches a week for 22 weeks to which must be added 4 weeks in the challenge shield competition and the replay today, making a total of 27 weeks' first class football. He had much pleasure in asking Mrs. Severn to present the Hongkong Daily Press Cup to Mr. Wilson, Captain of the Curlew's 1st team, and the "Fred Ellis" Cup to Mr. Hender, Captain of the Curlew's 2nd team; also gold medals to the winners and runners-up in each division.

Mrs. Severn then presented the cups and medals, and was given three rousing cheers, followed by a "tiger".

Miss McCubbin then gracefully handed to Mrs. Severn a beautiful bouquet tied with the Club colours of the teams.

The Hon. Mr. C. SEVERN, C.M.G., in returning thanks on behalf of Mrs. Severn, said, Mrs. Severn considered it a great honour to be asked to present the cups and medals at the end of the league season. The Curlew had created a record in Hongkong by winning in both leagues in one season, and he hoped that they would repeat the performance next year. (Cries of "oh no!" from the Curlew men). He complimented the teams on their standard of play in the final matches.

Cheers for Mr. Severn and reciprocating cheers between the Clubs brought a most successful season to a close.

#### PLATE GLASS WINDOW.

"Looking through my Toric lenses is like looking through a fine plate glass window," said an American lady, in the course of her remarks while in a tramcar the other day. She said just the right thing. It costs a lot more to build a plate glass window and it cost a bit more to make a pair of Toric lenses than the ordinary flat kind. Torics are more than worth the small difference in cost to you in the added comfort you derive from their use. Toric lenses of any prescription are manufactured by The Hongkong Optical Co., successors to Clark &amp; Co., Manufacturing and Refracting Opticians, 63, Queen's Road, Central.

## THE BILLIARD'S CHAMPIONSHIP.

### YVANOVICH AN EASY WINNER.

The challenge round of the billiards competition was played at the Victoria Recreation Club, on Saturday evening.

P. A. Yvanovich, in a game that fluctuated considerably in the early stages, comfortably defeating last year's holder of the Championship—A. J. Osmund—who, by the way, is the twin brother of the runner-up in the final—L. A. Osmund.

Yvanovich got away at the out-vet with breaks of 22, 21, 24, 30, 20, which, together with smaller items, made his score 214 as against Osmund's 76. From then onwards Osmund had the best of the play, opening with a break of 21, followed by 38, 47, 26. He took the lead from his opponent with a break of 27, the score then being 364-321. A bar at two later Yvanovich with a soundly played 28, and then a 47 forged ahead and the internal board showed that he had again taken the lead by 20.

On resuming, the challenger increased his advantage. After a run of 21, he settled down to an all-round compilation which yielded 78, beating by 4 the previous highest break in the Tourney, made in the final by L. A. Osmund. This gave Yvanovich a lead of 180; the scores then stood: Yvanovich, 700; Osmund, 520.

For the space of half-an-hour this lead was maintained, Osmund striking some very bad patches. He could practically do nothing. At 800 his luck changed for a short time and, without doing anything big, he gradually reduced the margin, then a nicely-got 31 brought the lead of his opponent down from 175 to 102.

After this the game took a one-sided appearance and with a break of 48 and another of 35, Yvanovich passed the 900 mark when Osmund was at 734. Osmund seemed to lose heart. He missed several easy chances and only scored 14 to Yvanovich's 38. At 955 Yvanovich nearly ran out with a break of 43, and a minute later finished the match with a cannon. The final score was:—

YVANOVICH..... 1,000

OSMUND..... 732

Referee: Mr. J. E. Rodger.

It must be said that the balance of luck favoured the winner, though he was certainly the more consistent player. Osmund played a very free and easy game.

The highest breaks of the match were:—  
YVANOVICH:—22, 21, 24, 30, 20, 23, 47, 21, 70, 32, 48, 35, 24, 43.

OSMUND:—21, 24, 38, 47, 38, 27, 26, 22, 31.

At the conclusion of the competition the prizes were presented by Mr. W. Logan, the acting chairman of the Club committee.

Mr. B. C. Wicheell, the hon. secretary, in calling upon Mr. Logan to distribute the prizes said that owing to other engagements, the Chairman (the Hon. Mr. Claudi Severn) had been unable to attend, and Mr. Logan had very kindly consented to act on his behalf.

Mr. Logan, before distributing the prizes, congratulated the champion and sympathised with the loser. The Victoria Recreation Club was the only Club that could produce a billiard champion. He would like to see what the Hongkong Club could do in this direction, but thought that Mr. Yvanovich would show any of their experts the way home. He thanked Mr. J. E. Rodger for his kindness in acting as umpire throughout the tournament.

The prizes were presented as follows:—  
The Challenge Cup (presented by the Club).—Winner, Mr. P. A. Yvanovich.

Winner of the Tournament (prize presented by Messrs. Nagel, Carter, Gale and Charlton).—Mr. P. A. Yvanovich.

Prize for the runner-up (presented by Mr. Juro Matsumoto).—Mr. L. A. Osmund.

Prize for the highest break (presented by the Club).—Mr. L. A. Osmund.

## SATURDAY NIGHT'S BALL.

### A GREAT SUCCESS.

The fancy dress masked ball organised by the ex-Services Men's Association, and held in the Prince's Pavilion (very kindly lent for the occasion by the Government) on Saturday, drew a large crowd of dancers, and by 10 p.m. there must have been something like 1,000 people present.

It was a jolly gathering and there were some very smart costumes; if prizes had been awarded the adjudicators would have experienced great difficulty in arriving at a decision. Owing to the nature of the disguises it was practically impossible to recognise the majority of the dancers, but a number of prominent residents were present, including Mr. William and Lady Brunyate and party. The guests were received at the Law Courts entrance by Lieut. W. St. A. Malleon, V.C., R.N., the President of the Ex-Services Men's Association, and Lt. Teeddale Mackintosh, M.A.

The music was provided by the King's (Liverpool) Regimental band and the dance programme was full of variety. To add to the fun of the evening, at 11 o'clock the dancers were bombarded with streamers, confetti and squeaking balloons, and to the onlooker the bombardment presented a most pleasing and vivacious scene. Mr. H. W. Chaney acted as M.C.

The decorations for the most part remained as they were for the Ball given in honour of H.R.H. the Prince of Wales, with festoons of red and blue against a snow white background, blue and yellow flags across the windows and palms around the pillars.

The arrangements were in the hands of the committee of the Association composed of Messrs. F. P. James, M.C., H. Pearce, M.C., L. D. Martyn, J. E. Ollerton, E. H. Wilson and F. P. Franklin. The catering was in the hands of the Hongkong Hotel Company.

# ST. JOSEPH'S COLLEGE. ANNUAL ATHLETIC SPORTS.

The seventh annual sports meeting of St. Joseph's College was held at the Race Course, Happy Valley, on Saturday afternoon, in the presence of a large and happy crowd of young people, their parents and friends. The weather was all that could be desired and many pupils from the various schools took part in the races, which were keenly contested. The Right Rev. Bishop Pozzoni was present throughout the meeting, whilst the Hon. Mr. Claud Severn, C.M.G., and Mrs. Severn arrived in time to witness the team race, the boy scouts' race and the tug-of-war. This latter contest caused much excitement, the "Seniors" just managing to beat a strong team selected from the rest of the College by two pulls to one. The trophies included some very fine cups, especially those presented by the Old Boys, employed by Cable Companies, the Hongkong Bank and the Old Boys' Association. For next year's meeting Sir Robert Ho Tung has promised a challenge cup.

After the races, Mrs. Severn presented the prizes and at the conclusion was the recipient of a bouquet of white English roses in a silver vase, with the College colours, on behalf of the Sports Committee, presented by a niece of Mr. J. P. Bringa, the Honorary Secretary—Miss Letitia M. Remedios, who is on a visit to Hongkong from Shanghai.

As the prize distribution ended in the dusk, speech-making had to be curtailed. Rev. Bro. Michael, the Director of the College, thanked Mr. and Mrs. Severn for honouring the meeting with their presence. The Hon. Mr. Claud Severn briefly replied. He congratulated Brother Michael on the success of the College during his first year of office. He hoped that the pupils would have him with them for a long time to come.

## UNIVERSITY SPORT.

### RECORDS BROKEN AT POKFULUM.

In practically every corner of the Colony, Sir William Rees-Davies remarked at the University Sports, on Saturday, "you will find some form or other of athletics going on." The statement was certainly true on Saturday, for amongst other athletic affairs there was a sports meeting at each end of Victoria. Whatever may have been the case in Happy Valley, there was plenty of enthusiasm down Pokfulum way and cracker displays during the prize distribution were a novelty. University sportsmen were in such good form that several previous records were broken. Lugard Hall, by the way, seems to run to brawn as well (no doubt) as to brains, and a glance at the prize list will show how great was the preponderance of its students amongst the winners. Amongst those who attended the sports were: H.E. the Governor, Sir William and Lady Rees-Davies, Sir William and Lady Brunyate, Sir Eric and Lady Stuart-Taylor, Sir Robert and Lady Ho Tung, the Hon. Mr. Claud Severn and Mrs. Severn, Dr. C. Forsyth, the Rev. V. H. Copley Moyle, Mr. Eric Rice and others.

At the conclusion of the contests Lady Rees-Davies distributed the prizes, and Sir William Rees-Davies, on her behalf, in a happy speech, acknowledged the invitation to do so. Professor Redmond expressed the thanks of the University to the donors of the prizes.

## QUEEN'S COLLEGE OLD BOYS' ASSOCIATION.

### PAST AND PRESENT STUDENTS IN CO-OPERATION AND RIVALRY.

Queen's College Old Boys' Association, which held its inaugural dinner a year ago, and has doubled its membership since then, held its second celebration on Saturday. In the afternoon the "old boys" met the staff and present pupils in a cricket match on the Chinese Recreation ground, kindly lent for the occasion. The "old boys" suffered a heavy defeat, thanks mainly to the efforts of Mr. de Rome, who showed that he was still master of past pupils as well as of present ones. However, the "old boys" had the best of it in the evening for, while most of the present pupils were in bed, they took possession of their old school hall and played at being in school again; only it was school as it might be in a pleasant dream, with a great deal more pleasure than instruction in the curriculum. For one thing, the hall was decorated with "Prince of Wales" lanterns, flags, and a monster Chinese lantern. The approach to the School was also transformed until it was quite an oasis in a rather sordid neighbourhood. The school bell was rung by Mr. R. J. Remedios, a scholar at Queen's in 1872, and on that signal the "old boys" went to their places "as in days of yore." Sir Robert Ho Tung, I.L.D., took the preceptor's place; the Headmaster, Mr. B. Tanner, was the principal guest, and others present were: Messrs. Kam Tong-po, Lo Cheung-shui, Wong Ping Sun, U. Runjahn, H. K. Hing, S. M. Churn, J. C. Barretto, Dr. C. C. Wang, R. E. O. Bird, In Ku Un, C. G. Anderson (hon. secretary) and others.

An excellent dinner was served by the Hongkong Hotel and an agreeable addition was made again this year by Mr. Lee Hsien who contributed generous supplies of champagne. The programme had a picture of "Chief Tanner" administering corporal punishment to a well-known past student, now a business man in the Colony, and the picture gave a special relish to the enjoyment of a slip made by a speaker, later on, when he spoke of "all that Mr. Tanner had been able to do for posterior—he begged pardon—posterior." Mr. E. J. Edwards cut a great figure on the back of the programme. The items of the dinner were set out as school exercises and one "lesson" was: A mathematical problem; given "bits of cow," to determine tentatively in what dynasty the bovine creature flourished. During the evening a programme of music and other items was contributed by Dr. C. C. Wang, Mr. E. J. Edwards, Mr. W. L. Handyside, Mr. J. C. Fletcher, Mr. A. el-Arculli, Mr. Choa Man-chan, Mr. Leung Kam-tong, Mr. Pun In-tat and Mr. Tam Wing-kwong.

After the toast of "The King" and "The Republic of China" had been enthusiastically honoured.

#### SIR ROBERT HO TUNG.

Sir Robert Ho Tung received an ovation on rising to propose the toast of "Queen's College." He said: "My only claim to be in this chair to-night is that I was an old student of the Government Central School, since dignified by the name of Queen's College. It is a great thing to belong to the vast army of students who have passed through the portals of this great institution." (Applause.) As compared with the present day, the intellectual equipment of the College and the opportunities given to the scholars, then, were small indeed. It speaks much for such men of undying fame as the late Dr. Frederick Stewart, the late Mr. Falconer and Dr. Bateson Wright that the type of students they sent out into the world included many of whom no academic institution need be ashamed.—(Applause.) These men have helped to shape the great country at whose threshold stands this wonderful British Colony. Students of Queen's College occupy posts of honour and responsibility all over China, and thousands of young men are carrying a light into the dim recesses of the country where modern learning has not yet penetrated.—(Applause.) Queen's College has been a pioneer of modern education in China.

I wish to impress upon the large and growing membership of the Old Boys' Association their duty to live up to the best traditions as loyal citizens of this great Colony.—(Applause.) We have a duty as subjects of a King whose beneficent rule extends to the confines of an Empire on which the sun never sets. Many around this festive board may not owe allegiance to the British Crown, but let those who have accepted the hospitality of these shores, for trade or other reasons, remember the moral obligation imposed upon them of gratitude for the protection afforded to their lives and property. While bending their energies to the object of bringing China to the forefront in the comity of nations, let us remember our duty to the Government and the nation under the fold of whose flag we live in comfort, peace and contentment.—(Loud applause.) Gentlemen, I will now ask you to join in drinking to the prosperity of Queen's College and its staff, and I will couple with the toast the name of Mr. Tanner.—(Applause.)

## THE HEADMASTER.

Mr. TANNER was received with enthusiasm on rising to respond to the toast. He remarked that after listening to the very eloquent speech of the eminent President of the Association and noting how many were present whose association with Queen's College went back for 30 years or more, it made him feel, with only a little over 20 years' connection with the College, a comparative juvenile.—(Laughter and applause.) He was gratified that the formation of the Old Boys' Association—so long mooted—should have occurred during his tenure of the headmastership; he still treasured as a memento the cable the Chairman of the inaugural dinner, last year, sent him, when on leave from that school. Mr. Tanner "chaffed" the Association because, from a photograph he saw afterwards, it appeared that, at the inaugural dinner, the flag of the College was hung upside down—a generally recognised signal of distress.—(Laughter.) In thanking the members and Committee of the Old Boys' Association, on behalf of himself and the other guests, Mr. Tanner thought it would be appropriate to draw some broad comparisons between conditions at Queen's College now and those of fifteen or twenty years ago. Since the introduction of the age limit there were no longer men of 22 years of age working in the junior classes with boys of 12 or 13; no cases of fathers and sons, or uncles and nephews working in the same class.—(Laughter and applause.) As to the work done, while in the old days it was considered very creditable—and justly so, considering the means at hand—to prepare a very small proportion of the senior boys for the Oxford Local Examinations, it was now the standing rule of the College that every boy in the Senior form should enter for the Matriculation or Senior Local Examination of the Hongkong University; and that no boy should be entitled to promotion from the next senior form until he had passed the Junior Local Examination.—(Applause.) Whereas sport used to be limited to a mild game of shuttlecock amongst a few, all the boys now went in for all sorts of games; in fact, the difficulty was to prevent these from interfering with class-room work. Mr. Tanner acknowledged various gifts by the Old Boys' Association to the College and asked for the encouragement of their presence at school assemblies such as the prize-giving and sports meeting. He concluded by asking the guests to drink to the continued prosperity of the Old Boys' Association.

#### GROWTH OF THE ASSOCIATION.

The toast was drunk very heartily, and Mr. C. G. ANDERSON, in acknowledgment, mentioned that the membership of the Association had risen, since the inaugural dinner year, from 275 to 560.—(Applause.) For this happy increase they were indebted to the Membership Campaign Committee and particularly to Mr. Chow Ping Un who brought in more new members than all the other members of the Committee put together. (Mr. Chow received the ovation at this announcement and bowed his acknowledgments.) Mr. Anderson hinted that the number of life members was not so large as it should be, and that the Association was not receiving, from certain quarters, the support and encouragement it might expect from those who owed their all, or almost their all, to the free education instituted by the Hongkong Government, or to education at a negligible cost, subsidized by that Government. "Breathes there a man with soul so dead," asked Mr. Anderson, "that he can permanently ignore his intellectual parent?" When the possibilities of our common effort are firmly grasped we shall be a potent force for the furtherance of Anglo-Chinese co-operation that is necessary, now more than ever, for the prosperity of this Colony and the well-being of its inhabitants.—(Applause.)

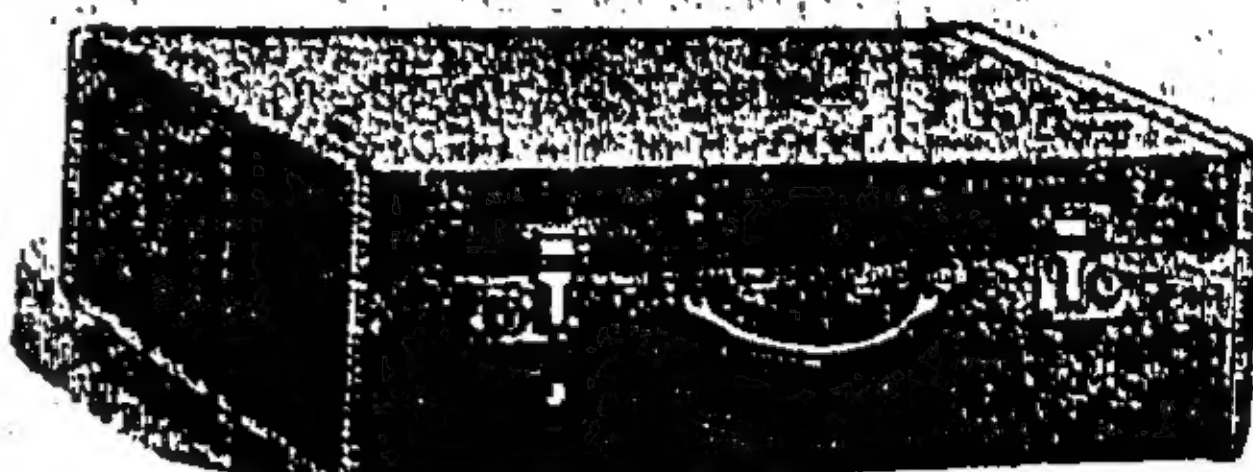

#### ELIOT HALL DINNER.

The students of Eliot Hall, the other day, when holding their annual dinner, took their courage in both hands and invited ladies—an unprecedented act—to their highland fastness behind, and far above, the University. The ladies returned the compliment by contributing generously to the evening's enjoyment. Lady Brunyate opened a new reading room which the students have recently managed to furnish and, after dinner, other ladies helped to give a concert.

The Warden (Mr. J. King) presided at the dinner and the guests included the Vice-Chancellor and Lady Brunyate, the Registrar (Mr. Teasdale Mackintosh), the Wardens of other Hostels, and their ladies, members of the Council and others interested in the University. Sir William Brunyate, K.C.M.G., proposed the toast of the evening—"Eliot Hall"—in a speech which alternated pleasantly between grave and gay. The Warden responded. "Mr. Chia Shih Ching proposed 'Our Guests' and Mr. J. E. Wood responded." Afterwards, the ladies having retired to the drawing room, i.e., the new reading room, the students turned to, in the manner learned during the strike and, in the twinkling of an eye—or in ten minutes, at any rate—all was ready for the concert. This was a great success. The butterfly dance, given by Miss Evelyn Lee, and accompanied by Miss Rose Wong, was an extremely pretty and graceful performance. Miss Rose Wong contributed a delightful and expressive rendering of Pachelbel's "Prelude," which was loudly applauded. Mrs. Bowes-Smith, unfortunately, was unable to be present. Mr. I. Day's "Imitations" were capitally done and greatly appreciated. "Shuang Huang," by Messrs. C. Z. Ma and Y. C. Chao, is a performance of mimicry peculiar to North China. It was seen for the first time at the University and from the reception by the audience it is not likely to be the last. A Mandarin song by Messrs. W. S. Chang and T. K. Kwok, accompanied by Mr. C. Z. Ma, won much applause.

## A CURIOUS PROSECUTION.

A LACK of co-ordination between Government Departments seems indicated by the abortive proceedings brought by the Sanitary Board in regard to a plague case, at the Magistracy, on Friday. The Government maintains, at considerable expense, a Crown Solicitor's Department; but the Department does not appear to have been consulted before this case was brought into Court. If it had been, there is no doubt that the Crown Solicitor would have taken the view urged by the solicitor for the defence, Mr. DAVIDSON, early in the proceedings, re-iterated by him later, and ultimately adopted by the Magistrate, that no case was made out, on the evidence, against the medical practitioner accused of failing to notify a case of plague. According to the evidence, Dr. LI HO CHING was called to a patient, but never saw him because the man was removed to the hospital soon after the doctor was notified. Afterwards, Dr. LI saw the dead body at the Mortuary and that was, apparently, all he knew about the case, except what he gathered at second-hand from a layman, the comrade, who told him what the patient had said of his pains and aches. The statement was to the effect that he had had fever for fifteen days and that his bones ached. On this, Dr. LI formed the opinion that the man had been suffering from influenza. Dr. THOMAS, of the Tung Wah Hospital, who also saw the body, and found no reason to suspect plague from its outward appearance, adopted that view, and signed the hospital form to the effect that the probable cause of death was influenza. Dr. KATZ, the European medical officer in charge of Victoria Mortuary, made the definite statement that no one could have diagnosed plague from an external inspection of the corpse.

He ascertained the actual cause of death only by a post-mortem examination. After that, no case remained against the defendant on the charge of failing to notify plague, and the summons was ultimately dismissed. The Sanitary Board may desire to demonstrate that they are on the alert at this time of danger, or they may have the idea of making this prosecution a warning against practices calculated to defeat the measures adopted by the Department for the prevention of the spread of plague. Possibly the action of the Sanitary Department was inspired by the knowledge that it is not infrequently alleged that the bribery of Chinese medical practitioners to give false certificates in cases of contagious disease is far from rare. In the case before the Court, however, there was no evidence to support any suspicion of this kind. It is certainly an infringement of the rights of a citizen that he should be made the victim of such a policy; that a criminal charge should be brought without a scintilla of evidence to substantiate it; and, still worse, that the defendant should be proved "not guilty" out of the mouths of the prosecution's own witnesses. A business firm which retained a solicitor would not let the head of a department go into Court without taking the solicitor into his confidence, and the enforcement of a similar rule by the Hongkong Government would be to the public advantage.

A Chinese was injured in Chatham Road in attempting to alight from a moving bus. The injuries were not serious.

A Chinese died at the Government Civil Hospital on Friday shortly after admission, as the result of wounds said to have been self-inflicted.

Stainer's "Crucifixion" and selections from "The Messiah" are to be rendered at St. Andrew's Church, Kowloon, at 9 p.m., this evening.

A tramway coolie was knocked down and killed by a tram whilst working on the tram-lines near the Western Market, yesterday afternoon.

On Saturday morning a Red Indian, mounted on a beautiful charger, made his appearance in the streets of Hongkong. His unexpected appearance and picturesque dress excited considerable interest.

A man who attempted to prevent a woman from being robbed at Chek-wan, was stabbed in the back on the following day by the would-be robber. The man died at the Kwong Wah Hospital on Friday. The murderer is still at large.

An orchestral concert in aid of the Society of St. Vincent de Paul, given in the Prince's Pavilion by the Coronet and Kowloon orchestras, yesterday afternoon, attracted a large number of people and made a pleasant variant to the rather stereotyped Hongkong Sunday.

Dr. Wu Lien Teh, the Plague expert of Manchuria fame, is to lecture at the University this afternoon on the Plague Epidemic in Manchuria in 1921. An invitation is extended to all interested. An announcement on the subject appears among to-day's advertisements.

Mr. Claud Trenchard Davis, son of Mr. W. H. Trenchard Davis of Shanghai, was thrown from a pony on Sunday, the 16th inst., and rendered unconscious. The following Thursday it was announced that though still unconscious he had no temperature, was quieter and was taking nourishment well.

It was announced at the Shanghai Ratepayers' meeting last week in the course of Mr. Brooke-Smith's speech on the annual report, that Dr. A. Stanley, Commissioner of Public Health, Mr. G. E. Godfrey, Commissioner of Public Works, and Miss J. Patterson, Inspector of the Public School for Girls, would be shortly retiring from the Council's employ.

The Canton Times states that according to the reports of the police stations in Canton no case of plague has yet appeared in the city, but three cases imported from Hongkong—two by steamer and one by train—have been detected. Our contemporary, in a leading article, mentions that in some parts of Canton, "overcrowding is worse than in Hongkong, while sanitary conditions are not so good."

The third American Legion Post in China has been formed under the name "Canton Post, No. 3." Mr. James A. Bell, Commander of the Legion Post in Clintonville, Wisconsin, and Al Brick the "dark-dove camera-man" of the Fox Film Corporation, gave informal addresses at a meeting in Canton last Thursday when it was decided to form the organisation. The following officers were elected to serve until next January: Commander, Alfred H. Holt; Vice-Commander, Richard F. Carpenter; Adjutant and Finance Officer, Allen C. Brockman; Post Historian, Harvey W. House; Members-at-large of the Executive Committee, Edward Ding, Hugh S. Gilmar, William Grant, Nineteen and five applications for membership.

## OBITUARIES.

## MR. W. C. D. TURNER.

It is with regret that we have to announce the death of Mr. W. C. D. Turner of the Hongkong and Shanghai Banking Corporation, which took place at Amoy on Friday afternoon "as the result of typhoid fever."

The news of Mr. Turner's sudden death was received in the Colony early on Saturday morning and as a mark of respect the flag of the Hongkong and Shanghai Bank was flown at half-mast, whilst at the Hongkong Cricket Club, with which Mr. Turner had been so long associated as one of their ablest later port players, arrangements for the trial interport match for that afternoon were cancelled.

The late Mr. Turner, who was about 35 years old, first came out East in February, 1899, to the Singapore office of the Hongkong and Shanghai Bank. Since then he has filled many posts in various agencies of the Corporation, from Java to Shanghai. He first came to Hongkong in March, 1902 and in 1918 took over the Canton Agency. Then after three years' service in Shanghai the Agency at Saigon was placed in his charge. In March of this year he was posted to Amoy as agent, and had only been there a little over a month when he was taken ill. The deceased gentleman leaves a widow and four children to mourn his loss.

As an interport player the late Mr. Turner was well-known to cricketers in both Malaya and Shanghai. In 1893 in the interport cricket match with Shanghai, playing for Hongkong Mr. Turner made 88 which was of material assistance in the defeat of the Shanghai side by an innings and 42 runs. In 1909 he was elected Captain of the Hongkong Cricket Club, first eleven. In 1920 he played for Hongkong in the Hongkong Tourney when teams from Shanghai and Malaya were entertained in the Colony.

The late Mr. Turner was a son of Major Turner, who was a member of the Hongkong cricket team which went to Shanghai in 1892, and he was one of the eleven who lost their lives in the lamentable calamity that occurred when the P. & O. steamer *Nokhara* went ashore on the Pescadores on returning from the Northern port. Only two of the entire Hongkong team were saved.

## POLICE-SERGEANT ANDREWS.

After a long illness, patiently borne, the death took place at the Government Civil Hospital of Sergeant Andrews of the Hongkong Police. The deceased went into hospital last June as the result of complications arising from a very bad wound received during the war. With careful nursing Sergeant Andrews recovered sufficiently to be discharged from hospital, during the summer, but four days later, whilst on a bathing picnic, he was taken suddenly ill and since then has been confined to hospital. Recently general paralysis set in which was caused by the spine having been affected by the wound.

The deceased, who was engaged on staff work, was 28 years of age and unmarried. He was a native of Dundee and joined the Hongkong Police Force in 1918, and soon became a very popular member of it. The funeral took place at Happy Valley on Saturday afternoon, the Rev. J. Kirk Mcleod officiating. Large numbers of the European section of the police force escorted the coffin to the grave side. Amongst those present were Mr. E. D. O'Wolfe, Captain Superintendent of Police, and Mr. C. G. Perdue, Assistant Superintendent. The coffin was borne to its last resting place by Sgt. Bender, Sgt. H. B. Phillips, Sgt. Knowles, Sgt. H. Chester-Woods. There were a large number of floral tributes including one from the Captain Superintendent of Police, another from "four Ex-service men" in memory of a soldier and a gentleman, one from the British Legion and one from the Ex-Active Service Men's Association.

## CORRESPONDENCE.

## THE SHOOTING OF DOGS BY THE POLICE.

TO THE EDITOR OF THE "HONGKONG DAILY PRESS."

SIR,—I should be interested if any of your readers could enlighten me as to the object of the Police Regulation to the effect that dogs found loose in the streets after a certain hour at night are liable to be destroyed, and if any mode is laid down for their destruction. I am asking this because, last night, I was the unhappy witness of a case of the shooting of a dog by a Police Officer with a shot-gun. It appears to me a most inhumane practice. The Officer fired from a range of fifteen yards. The dog, which made its escape, was found some sixty yards away terribly cut up but still alive; a second shot from a distance of two yards failed to put the animal out of its agony; the third shot probably achieved its purpose.

I am also writing to the S.P.C.A. in hopes that they will be able to do something in the matter.—I am, yours faithfully,

A RESIDENT.

Hongkong, April 21st, 1922.

# THE GENOA CONFERENCE.

ANOTHER "BOMBHELL" BUT OPTIMISM PREVAILS.

## BRITISH LABOUR DISPUTES.

### THE SITUATION IN CHINA.

MR. BLAND ON "THE WORD-SPINNING WARRIORS."

LATEST CABLES.

[THROUGH REUTERS' AGENCY.]

#### THE GENOA CONFERENCE.

OPTIMISM REGARDING THE OUTCOME.

LONDON, April 22nd. Mr. Lloyd George's optimism is generally regarded as justified by the terms of the Russian and German replies, which have greatly eased the situation at Genoa. The prospect of a settlement with Russia is very bright as a result of Moscow's changed attitude.

Papers like the *Times* and *Post* are still very dissatisfied with the situation and with British policy, and the French Press is demanding the annulment of the Russo-German treaty, but most organs of British public opinion take a more moderate view of the situation. Perhaps the most significant fact respecting the Russian reply is the quiet dropping of the counter-claim. It is believed now, therefore, that there is no insuperable obstacle to the successful issue of the Conference. Germany prefers meekly to accept exclusion from the political commission to cancelling the treaty under which she secures certain definite ends. It is still suggested in certain quarters that some form of Russo-German military agreement or understanding has been concluded, though M. Rakovsky emphatically denies the existence of such an agreement.

#### THE GERMAN REPLY.

A FRENCH PROTEST.

PARIS, April 22nd.

The French delegation at Genoa has written to Signor Facta protesting against the tenor of the German reply, questioning the legality of the Russo-German treaty and asking Signor Facta to summon a meeting of the nine signatories of the Allies' Note to Genoa.

#### ANOTHER "BOMBHELL."

After a morning of uneventful work by the Commission and also a meeting of the British Empire delegation which expressed the opinion that the Russo-German incident was closed as Germany had accepted one of the alternatives laid down by the powers, a bombshell was thrown at the Conference in the afternoon in the shape of two French protests addressed respectively to the secretariat of the Conference and the Allied Governments declaring that the Russo-German treaty is a violation of the Caneva resolutions and the Treaty of Versailles. The protest accused the Germans of untruthfulness and said it was therefore incompatible with the dignity of the Allies to collaborate any longer with the Germans.

The sub-committee on Russian affairs, is demanding an immediate meeting of the ten powers, who signed the remonstrance to Germany, to consider the situation.

#### EXISTENCE OF A MILITARY CONVENTION CATEGORICALLY DENIED.

BERLIN, April 22nd.

An official statement categorically denies existence of a Russo-German military convention.

#### THE "CRISIS" OVERCOME.

GENOA, April 22nd.

Ten powers met this afternoon when M. Barthou made a statement similar to the French protest mentioned in an earlier cable.

Mr. Lloyd George said he regarded the German reply as honestly conciliatory, and as constituting a complete acceptance of one of the alternatives mentioned in the note sent to Germany on the 18th inst. He did not think there were material differences between the original alternative and the form in which Germany had accepted. Germany was now excluded from the discussion of matters covered by the Russo-German treaty, he did not know any other important matter regarding Russia which the commission had to discuss.

The meeting finally unanimously decided to send a reply to Germany in which it would be assumed that the German acceptance fully covered the ground intended to be covered in their letter of April 18th.

#### DR. WIRTH AND THE TREATY.

Dr. Wirth, addressing the German colony at Genoa last night said the Russo-German treaty broke the chains of financial slavery menacing Germany. Germany refused to annul the treaty but was ready to incorporate it in a general wider agreement.

#### FRENCH OBJECT TO RUSSIAN MEMORANDUM.

The French delegation raised the subject of comments in the Russian memorandum on the London experts' report declaring that they would not examine the document until it had passed the sub-committee. Mr. Lloyd George understood the document to be unofficial; it had not been communicated to the Conference. He hoped they had seen an end of these crises. He wanted to get on with the work of the Conference; otherwise he would have to explain to the British Empire and the world the cause of these crises. The delegates meet again to-morrow.

#### THE RUSSIAN MEMORANDUM WITHDRAWN.

AFTER FRENCH AND JAPANESE PROTEST.

GENOA, April 22nd.

At the outset of the sitting of the Russian Affairs Sub-Committee, M. Seydoux, acting on instructions from M. Barthou, declared that he could not continue to sit, owing to the republication by the Russians of a memorandum which contradicted the Caneva resolutions and M. Chicherin's previous letter. M. Seydoux and his colleagues withdrew, followed by the Japanese delegates.

The Chairman (Sir Witherington Evans) declared the sitting closed.

The Russian delegates immediately announced the withdrawal of the memorandum to which exception had been taken, pointing out that their intention had been misunderstood.

#### THE FORM OF RUSSIAN PAYMENT.

GENOA, April 22nd.

Apart from the difficulty of deciding the form Russian payment of compensation shall take, no difficulty was apparent at today's meeting of the sub-committee which accepted the Soviet's reply as a basis of discussion. It appointed a committee of experts, including neutral Powers, to deal with the subject.

#### ALLEGED UNPUBLISHED CLAUSES.

GENOA, April 22nd.

The *Daily Mail's* Genoa correspondent asserts that unpublished clauses of the secret Russo-German treaty pledge Germany to pay in kind £20,000,000 for value received during the German occupation of the Ukraine, to suppress all counter-revolutionary organisations on German territory, and not allow war material to be sent through Germany to the Border States, while Russia grants Krupp concessions for the manufacture of war material at a number of factories in Russia.

#### A DAY OF ALARMS.

GENOA, April 22nd.

After a day of alarms at Genoa, matters have somewhat calmed as a result of the Allies' meeting at which Mr. Lloyd George protested against their daily crises.

The Franco-German trouble, however, hangs on. The latest development is that Herr Wirth has written to Signor Facta protesting energetically against the words "lying accusations," in the French letter already mentioned, as being contrary to the spirit of the Genoa Conference. It is hoped that things will be patched up at to-morrow's meeting, enabling the Conference on Monday to start its real work on economic questions, but much bitterness is still manifested in Paris, threatening still to clog the wheels, if not to nullify the Conference. A hopeful sign is that the Russians manifest anxiety to prevent a breakdown. A high tribute is paid to the Italians who are described as veritable apostles of conciliation.

#### A HOPEFUL VIEW.

LONDON, April 22nd.

Sir Robert Horne, who has arrived back in London to prepare the Budget, expressed satisfaction that most important steps in rehabilitation of Europe's finances had been taken at Genoa.

#### A REPORTED VATICAN TREATY WITH RUSSIA.

It is reported that a treaty has been signed between the Vatican and Russia permitting the entrance of Jesuits and Franciscans for educational and other purposes.

#### KING OF ITALY AT GENOA.

GENOA, April 22nd.

H.M. the King has arrived here on his first visit since the war. His Majesty was ovated by the crowds and the city was in a state of jubilation.

#### KING ENTERTAINS DELEGATES.

GENOA, April 22nd.

There was a remarkable gathering aboard the Italian battleship *Dante Alighieri*, when the King entertained the delegates at luncheon. M.M. Krassin and Chicherin were among the delegates and his Majesty conversed most amiably with them. The Russians were dressed conventionally, and their bearing was strictly diplomatic. Mr. Lloyd George sat at the place of honour on the King's right, M. Barthou being on his Majesty's left. There were 170 guests.

#### RUSSIA'S CHANGING POLICIES.

#### RUSSIA AND THE GENOA CONFERENCE.

LONDON, April 22nd.

A message from Moscow states that a special session of the Pan-Russian Central Executive has been summoned for May 5th to confirm various decrees already approved by the commissaries dealing with the new economic, legal and ownership policy. The chief interest is in the war commissariat's army reduction plan, which is conditional upon a favourable outcome of the Genoa Conference. The conversation of the executive indicates Moscow's belief that negotiations at Genoa will continue.

#### MR. MORGAN AND THE REPARATIONS COMMISSION.

NEW YORK, April 22nd.

Mr. Morgan is still undecided about joining the Reparations Commission committee.

#### RUSSIA'S DEMAND FOR RECOGNITION.

ADVERSE RECOMMENDATION OF EXPERTS.

PARIS, April 22nd.

It is reported from Genoa that the experts' sub-committee considering the Russian reply, has unanimously decided, on the British delegate's suggestion, not to grant the Russian demand for immediate *de jure* recognition, in exchange for Russia's recognition of her debts.

#### EARLIER CABLES.

#### GERMANY'S REPLY TO THE ALLIES.

GENOA, April 21st. Germany has accepted the Allies' conditions regarding the absence of her representatives from the sub-committee of eleven Powers dealing with Russian affairs, and adds that Germany is prepared to collaborate with the Conference with a view to the reconciliation of nations, both in the East and West.

The text of the German reply to the Allied Note says Germany recognised Russia years ago and the conclusion of the Treaty became possible weeks ago. Germany came to Genoa heartily desiring to co-operate with all nations in the restoration of Europe, but the proposals of the London Conference took no account of Germany's interests and the acceptance thereof would have meant heavy Russian reparations claims against Germany. The German delegation repeatedly and vainly drew attention to its misgivings in this matter. It then learned that the consenting Powers were separately negotiating with Russia, and received information leading to the conclusion that an agreement not taking account of the just claims of Germany would shortly be reached. Therefore the German delegates were forced to pursue their interests alone. It suggests that the Russo-German Treaty might be embodied in the general Russian settlement.

#### RUSSIA'S REPLY.

The Russian reply regarding the London Conference decisions, at the outset, affirms that Russia was justified in requesting recognition of her counter-claim for damages inflicted by the anti-revolutionary expeditions as a set-off to debts. It proceeds, however, to concede the Allied proposals conditionally on war debts and unpaid interest being written down and adequate financial assistance rendered as soon as possible. Russia is also prepared to restore the use of nationalised or reserved property to its former owners, with the alternative of compensation arranged between the parties direct, or through the medium of Conference arrangements. The Note emphasises the necessity of foreign assistance, pending which it will be unable to saddle Russia with debts incapable of discharge and declares that Russia will be unable to assume her pre-war obligations until recognised *de jure*.

#### LARGELY IN ACCORDANCE WITH ALLIED NOTE.

LATER.

The conditions and offers indicated in the Russian reply are largely in accordance with the Allied Note presented last week, in which the creditor Governments expressed their readiness to write down war debts by a percentage determinable later, also to postpone payment of undischarged interest and to remit part.

It is laid down, however, that no allowance is permissible in respect of debts due to foreign nationals or in respect of those nationals' right regarding the return of their property, together with compensation for damage or other loss.

#### SOVIET REPLY ACCEPTED AS BASIS.

GENOA, April 21st.

Apart from the difficulty of deciding the form the Russian payment for compensation is to take, no difficulty was apparent at today's meeting of the sub-committee, which accepted the Soviet's reply as a basis for discussion and appointed a committee of experts, including neutrals, to deal with the subject.

#### FRENCH PRESS STILL CRITICAL.

PARIS, April 21st.

Press comments to-day sharply dissect from the view held at Genoa that the Russo-German incident is closed. The *Echo de Paris* is astounded at "the obstinate blindness, which allows culprits immediate return to the comity of nations." The *Matin* declares that the conference is limping worse than ever, and that nobody is deluded by Mr. Lloyd George's oratorical strategy.

The *Cablegramme* asserts that M. Poincare rebuked M. Barthou for taking Mr. Lloyd George's point of view instead of insisting upon cancellation of the Russo-German treaty.

The *Eclair* declares that the French Ambassador at Berlin will be withdrawn. The *Petit Parisien* says that the Chamber will support M. Poincare in any determined action as regards the Germans.

#### LATEST CABLES.

#### THE WAGES DISPUTE IN THE COTTON INDUSTRY.

STILL UNSETTLED.

LONDON, April 22nd. The wages dispute in the cotton industry is still unsettled, though the margin of difference has been further narrowed. The employers have offered to apply a reduction of forty per cent. on the standard rates for six months conditionally that another ten per cent. will then operate for a further six months. The card-room workers expressed agreement if the spinners and weavers acquiesced, but the latter demand an immediate reduction of 45 per cent. for a year.

#### ITALIANS EVACUATE ASIA MINOR.

ATHENS, April 22nd.

A communique states that the evacuation of the zone in Asia Minor occupied by the Italians has begun. The Greeks, after slight Kennalist opposition, occupied the Italian sector.

#### THE SITUATION IN CHINA.

MR. BLAND ON THE STRUGGLE FOR PLACE, PATRONAGE AND POWER.

LONDON, April 23rd.

Discussing the triangular duel in China in the *Observer*, Mr. J. P. Bland says the play is the same grim, old struggle for place, patronage, and power which has been played from time immemorial around the capital of China, when a strong hand and established authority are removed. Mr. Bland refers to the "three political adventurers" who are at present most conspicuous in disrupting the right to misgovernment and plundering the country at large is concerned, it matters little or nothing whether Chang Tse-liang or Sun Yat-sen, for none of the present groups of word-spinning warriors possesses qualities and prestige sufficient to enable its leader to fill the position of dictator and re-establish Peking's authority over the provinces. He predicts that the final settlement of the present crisis will be reached not by the ordeal of battle but by dollar diplomacy, decorously conducted by sleek, subtle, mandarins. Meanwhile he says civil war continues a lucrative profession as times go, for those who follow it at a safe distance.

#### A MESSAGE FROM SUN YAT SEN.

LONDON, April 22nd.

A message by the *Chungking Tribune* for a statement, evoked a terrific message from Sun Yat-sen from Kwang, as his expedition was starting northward, saying that China will be reunited this year and civil supremacy will be established over military authority. Japan's ability and power to prosecute her policy of ascendancy in China has been increased, not diminished, by the Washington Conference, as American naval power has been eliminated. This may well have an adverse effect on China.

Continuing Sun Yat-sen asserts that the movement for the unification of the country under his leadership is daily gaining strength, and can greatly be hastened by the withdrawal by the foreign powers of recognition from the Peking Government, no continuance of which renders his northern expedition necessary.

#### THE ENGINEERS' DISPUTE.

EFFORTS TO RE-OPEN NEGOTIATIONS FAIL.

LONDON, April 22nd.

An attempt to re-open negotiations by the Engineering Employers' Federation with representatives of forty-seven unions allied to the Amalgamated Engineers' Union finally broke down today. The unions publish the correspondence since the 20th inst., including a threat by the employers on the 21st inst. to cancel the suspension of lock-out notices. The unions declare that the employers are seeking to force the unions to accept greater managerial control than they agreed to on March 21st and April 1st. They describe the "new condition as unacceptable."

#### LOCKOUT NOTICES TO BECOME EFFECTIVE.

LATER.

The Engineering Employers' Federation has instructed its members to put the lock-out notices into operation. This means that 600,000 employees will be idle in a week's time, in addition to 250,000 members of the Amalgamated Engineers' Union already out.

#### GERMANY AND AMERICA.

EXPRESSIONS OF MUTUAL GOOD-WILL.

BERLIN, April 22nd.

In presenting his letters of credence from the President, the new American Ambassador, Mr. Houghton, said his instructions looked towards increasing the friendly intercourse between Germany and the United States and the restoration and cultivation of goodwill. Herr Ebert, in responding, rejoiced at the intentions expressed, and said that Germany would do her best to facilitate the Ambassador's task.

#### ILLNESS OF LORD LEOPOLD MOUNTBATTEN.

LONDON, April 22nd.

Disastrous results are recorded in the case of the British Cellulose Company, whose issued capital of six and a half millions apart from over £300,000 in debentures, is in danger of being lost unless financial support is forthcoming. The company aimed at creating a huge market for its artificial silk, but technical difficulties, particularly in connection with dyeing manufactures, have arisen. Drastic reorganisation proposals are made in which the Government, which holds £1,450,000 preference shares against advances in connection with war work, offers to donate half its holding. The ordinary shares which at one time rocketed from 6d. to £14.10s. now stand at 45d.

LONDON, April 21st.  
Concurrently with the discussions at Genoa, an international naval demonstration is being staged in the White Sea, where, Reuter's correspondent at Christiania reports a concentration of British, Finnish, and Russian warships to protect fishing. The Russians have made broadcast a complaint that Britain has taken forcible measures to protect shipping; on the other hand, it is stated in London that the Soviets have repeatedly seized British fishing vessels outside the statutory limits and refused compensation.

**"UNWRITTEN LAW."****WIFE WHO SHOT HUSBAND  
ACQUITTED.**

PARIS, March 25th.  
The "Unwritten Law" has again been successfully invoked at Bordeaux. Mme. Perron, an actress and the widow of the former director of the Grand Theatre there, has been unanimously acquitted on a charge of having murdered her husband in a fit of jealous rage.  
The facts of the case were not in dispute. A lady, whose acquaintance M. Perron had made during the war, who nursed him when he was ill—became his mistress, and, after qualifying as a dentist, was provided by him with a flat in Bordeaux, quite close to the house in which he lived with his wife. Last November Mme. Perron, after threatening and striking her husband's mistress with a revolver, met him during one of his infrequent visits to her home, and shot him dead.  
Her trial revolved itself less into a judicial examination of facts than into a discussion of the characters of the two women and the murdered man. Some witnesses declared that Mme. Perron cared less for her husband and children than for stage success. Witnesses for Mme. Perron—the chief among them was Mlle. Marcelle Demougeot, a well-known opera star and sister of the accused—bore testimony to Mme. Perron's great devotion to her children and love for her husband.  
In spite of an appeal by counsel for the prosecution, who himself advocated leniency, to the jury not to follow the evil example of three previous Bordeaux juries by giving a verdict of acquittal in full face of the facts, Mme. Perron was found Not Guilty after a moving plea from her defender, who asked for her release because she was a good mother.—Times.

**BIRTH CONTROL.**

In a pastoral letter, which was read on February 26th, in the churches under his jurisdiction, the Right Rev. P. Amigo, Bishop of the Catholic Diocese of South-west, declared that the Catholic body would always uphold the sanctity of marriage. Such being the faith of the Catholic Church, it was not strange that when last year Parliament attacked the sanctity of marriage Catholics were up in arms, and with unanimous voice denounced the Buckmaster Bill as an abominable thing. "Because of our faith we are ready at all costs," he added, "to defend the sanctity of marriage, while we denounce the wickedness of those who would use marriage and evade its principal end." Too often the love of comfort and of self-indulgence kept young men from marrying and making a home as they should, but too often they were deterred by the extravagant habits of women, the disappearance of all maidenly reserve, of all those sweet qualities which made our mothers what they were, of all prospect of domestic life or hope of parenthood. He was convinced that the abomination of birth control, whereby the sacred state of matrimony was turned into a state of habitual mortal sin, sprang from this same unbridled self-seeking.
